## LED LARGE SEMI-CUTOFF WALL PACK

The LED large semi-cutoff wall pack fixture features a high pressure die-cast aluminum housing and hinged front frame with 1/2" coin plugs with o-rings for conduit & phorocell. A bronze powdercoat anti-static finish provides years of protection. A high efficiency aluminum reflector and tempered glass lens complete the fixture.

## LED MINI WALL PACK

LED Mini Wall Pack offers outdoor lighting without the over throw. Ideal for outdoor and security lighting.

## LDB Light Control

Phason's Light Dimmer Box (model LDB-2) is designed around its easy-to-use functionality and ability to control LED, CFL, or incandescent lights. The LDB-2's large 4-line, 20-character display is bright and easy to read, and the 4-button keypad makes it a breeze to navigate through the menu and program the control.
