

Aqua Dumps

PSS-003-Aqua_Dump-01

Water is the most important, and often neglected, aspect of a cow's diet. While most troughs are slow to drain and tough to clean, VES-Artex Aqua Dumps have been designed to make the process quick and easy.

Looking for a non-dumping trough option? We've got you covered. VES-Artex Non-Dumping Troughs feature the same float design and can be floor or wall mounted.

BENEFITS

- Emptied in seconds
- Cleaned in minutes
- Ready to go immediately

FEATURES

- Two-piece hood design with easy float access
- Mounting options for both floor and wall
- Optional leg risers available

OPTIONS

- Standard sizes available
 - 2 feet (150cm) | 21 US Gallons (79L)
 - 15 feet (464cm) | 172 US Gallons (653L)
- Hot-dip galvanized, stainless steel, and semi-stainless-steel options
- Float valves available for purchase
