

The CSL SD combines features of our CSL Self Locks with our Standard Self Lock Series, giving you the best of both worlds. CSL Self Locks feature an ergonomic, curved top rail that provides a more comfortable entrance for animals, plus gives bigger cows better access to feed.

BENEFITS

- Maximized Labor Efficiency
- 1,740 hours or 7+ months of time savings from quicker handling
- Minimized bullying
- Reduced feed waste
- Minimized risk of mixing pens
- 20% wider opening provides more comfortable entrance and more dry matter intake

OPTIONS

- 8' panels with 4 openings
- 10' panels with 4 or 5 openings
- Hot-dip galvanized or pre-galvanized options
